

Logan R. Coning

1018 E. Canal St

Troy, OH 45373

Phone: (937) 703-8005 | **Email:** coninglogan@gmail.com

Passionate and hard-working front-end developer with the intent of obtaining employment for an organization that values individual expression and creativity and cultivates an environment conducive to learning, professional growth, and goal-oriented achievement. Allow me to team up with your organization and help channel my energy and problem-solving talents into creating clean, functional, and well-tested web pages and front-end applications.

#Skills

Slack

#Project Experience

Web App Dashboard

- Replicate dashboard design with HTML and CSS
- Embed inline SVG icons for use as nav links
- Utilize Chart.js charting library to display bar and pie charts
- Implement JavaScript form validation

Employee Directory

- Fetch fictional individual data from a public API
- Parse return data into JSON and format into 12 employee “cards”
- Manipulate CSS classes with JavaScript to show and hide more details to the user

Personal Portfolio

- Design and develop a personal web page showcasing programming skills
- Create JavaScript scrolling animation and navigation function
- Include a form that stores user-entered data and provide a download link for downloadable file

Please take a look at my website for more projects and details.
